Kolara kalan (Agra 283111)

OBJECTIVE

- A highly motivated and aspiring student seeking an opportunity to become a software developer and leverage my programming skills and passion for technology to contribute to innovative software solutions and further develop my expertise in the field.

KEY PROJECTS

Weather web App

- The application is used to collect weather information of any city around the world.
- It is created using modern technologies like **HTML ,CSS, Javascript, API**.

The Simon Game

- This is a fun game which is about remembering patterns and get scores accordingly.
- I have used **HTML ,CSS** and **Javascript** to build this.
